### From humble beginnings...

Australian Linen Supply is one of Australia's leading importers and distributor of linen products designed for commercial laundry use, the hospitality sector and healthcare industries.

Australian Linen Supply was founded in 1970 under the name of Australian Uniform Company to manufacture quality uniforms.

In 1984, following the acquisition of Wyanna Mills, the company changed the name to Australian Linen Supply Company.

In 2001 Australian Linen Supply purchased the business and name of Bev Martin Textiles, which was established in the early part of the 1980's, servicing a small group of hospitality companies within the Sydney metro area. Since joining Australian Linen Supply, our sales team has grown this business; to what it is today, a well-organized supplier of commercial grade hospitality products.

Our head sales office and warehouse logistics are located in the South Western Sydney suburb of Ingleburn, with sales offices in all other major states.

Australian Linen Supply imports high quality commercial grade products from the United States, Pakistan, China, India & Cambodia. In addition, to meet asll your linen requirements, Australian Linen Supply will also try to source or locally manufacture specialised linen products to your specifications.

For further information or assistance please contact one of our friendly, knowledgeable Sales Managers. See back page for Area Manager details.
